Playwright

Speaking

- React Chicago 2024 — Rebuilding checkout without breaking checkout
- CSS Cafe 2023 — Container queries in a legacy codebase

Experience

Grubhub

2021 – Present

Senior Frontend Engineer

Chicago, IL

- Led the design-system migration that moved 140 screens onto shared React components
- Cut largest contentful paint on the diner web app from 4.1s to 1.6s
- Added keyboard and screen-reader support to the checkout flow, closing 31 accessibility defects

Sprout Social

2018 – 2021

Frontend Engineer

Chicago, IL

- Built the publishing calendar used by 30000 daily active accounts
- Wrote the visual regression harness that runs on every pull request

Projects

focus-ring

<https://github.com/ninaost/focus-ring>

Accessible focus outlines that survive design-system theming

- Used in three open-source component libraries
